We present to our readers with this saue a beautiful Art Supplement consisting of two photographic repro-ductions of that wonder of two mod-ern ages, the Columbian Exposition. The pictures that we have the pleasure of distributing among our readers are samples from that beautiful art work, the Dream City, the control of which had been secured us. It Office, Northwest Building, Washington St. is being offered as a souvenir to our readers. With a double motive in view we issue this Art Supplement, in the first place it is a handsome present to our subscribers, and in the second place it conveys a better idea than a column of descriptive could of the beautiful series of pictures con-tained in our selected views. As we have already stated in our advertis-ing columns and otherwise, we proing columns and otherwise, we propose to give to new subscribers and to those already readers who renew for one year, a handsome bound volume of sixty-four selected photographic views of the World's Columbian Exposition. Each one of these views is 8x10 inches in size and is accompanied by an interesting and accurate description. If purchased as original photographs these engravings would cost at least 50c each. In order to secure this beautiful and instructive collection it is only neces-sary to subscribe for a year; to renew

MYSTERIOUS TIDES.

THOSE OF THE LAKES THAT THE SKIPPERS CALL SWASHES.

They Rise Suddenly From Calm Water and Display Many Strange Caprices-An Old

not of uncommon occurrence," said an old Lake Erie skipper, "and although meteorological experts have for more than 100 years tried to study out their cause we don't know any more about it now than they did at the time the great wave rose suddenly on Lake Erie, off Rockport, and destroyed Colonel Bradstreet's fleet, in October, 1764. That was the first tidal wave on the lakes that we have any record of.

"I have seen many of these swashes, as we call them on the lakes, the last one about ten years ago, when my schooner was swept high and dry at Port Stanley by a wave that seemed to rise on the lake like some monster marine animal coming from the depths to for that period or to send in a new yearly subscriber with the proper remittance, \$1.20, and the work will be sent prepaid and the paper one year. the surface. We could see it rushing toward ward us a mile away. It came with a boiling front ten feet high, hissing like loud escaping steam as it swept toward the surface. We could see it rushing tous. That is a peculiar thing about the lake tidal waves. They do not come

had been blowing stiff offshore, suddenly whirled into a howling nor'easter, and as quick as the change in the wind that wave leaped out of the lake and came hurling upon the shore, a wild and angry mass, eight feet high. In every other recorded occurrence of these mysterious freaks of the lake waters the surface of the lake has been perfectly calm and the air scarcely perceptible.

"Such was the condition when that big wave attacked us at Port Stanley, swamping my schooner and drowning one of my men. The wave receded as fast as it had rushed in, and the lake, You can buy stocks, bonds, ter and it is believed that all the matin less than ten minutes, was as smooth

> "Within the next hour there were force and volume, until the last was scarcely more than a ripple.

appeared early in the spring on the Canlake. My father had a 35 ton schooner has been sufficiently stirred, and the lying off the shore half a mile or more.

Better & Cheaper.

THE ROYAL BAKING POWDER is more economical than other brands because of its greater leavening strength, as shown by both the U.S. and Canadian Government Reports.

The other baking powders contain from 20 to 80 per cent. less leavening gas than the ROYAL. So the ROYAL, even should it cost more than the others, would be much the cheaper.

In addition to this the superior flavor, sweetness, wholesomeness and delicacy of the food raised by ROYAL BAKING POWDER would make any difference in cost insignificant.

Highest of all in leavening strength.— Latest U. S. Government Food Report.
